'Volunteering, it's cool'

BY TIM JAQUES

CAMPBELLTON ▶ A large group, mainly children and teenagers, filled the banquet room of the Campbellton Regional Memorial Civic Centre on the evening of March 14, as Jeunesse Restigouche Youth held its annual "Volunteering, It's Cool" event.

The program is meant to encourage youth 10 years and under to volunteer time with an organization such as a school, hospital, or social club. The young person benefits from ac-

quiring work experience through the opportunity of volunteering. As well, the sponsoring organization benefits from the volunteer's contribution.

Jeunesse Restigouche Youth then hosts the event at which it rewards participants for their efforts, provided they volunteer the required number of hours.

At the event, participants were entertained by singing from Club Melodie

These were bursary draw winners and dignitaries at the Jeunesse Restigouche Youth 'Volunteering is Cool' event held on March 14. DREAM TEAM
THEY'RE FIGHTING CANCER!

Few people have not been touched by cancer in some way. This 11-member Relay For Life Dream Team is a group of community and business leaders with personal reasons to join together in the fight against cancer. Each member is committed to raising \$10,000 for the Canadian Cancer Society — to contribute to cancer research, advocacy, prevention and support programs.

RELAY FOR LIFE IS VOLUNTEER-DRIVEN

Relay is an inspiring, community-based overnight event that draws participants together to be with loved ones and friends. We celebrate cancer survivors, remember loved ones lost to cancer and rally together to fight back against this disease. While doing team walking, running or strolling around a track.
